## COMPUTER LABORATORIES FACILITIES 2012

### THE PURPOSE OF THE GENERAL MICROCOMPUTER LABORATORIES

The purpose is to provide a microcomputer institutional-related service to students while on campus. The computer programmes and services are specifically configured and venue focused with the intention to create a positive personal time managed academic experience at the Microcomputer Laboratories.

### PRINTING FACILITIES:

Printing can be done from any computer in any of the microcomputer laboratories.

**HOW PRINTING WORKS**

Go to Student Portal, Student Management and click on How to print in 2012.

Application of this institutional-related service is therefore subject to personal time management and self-discipline. It is therefore important and urgent that every student considers the time constraints of all fellow students at all times.

INTERNET FACILITIES

Internet facilities and the application thereof are institutional related and monitored.

The ICS Network User Code and Microcomputer Laboratory User Guidelines are displayed at all venues.

**The UJ INFORMATION AND COMMUNICATION SYSTEMS CAMPUS NETWORK USER CODE:**
The ICS Campus Network User Code is available at [http://general.uj.ac.za/uj_network_user_code.htm](http://general.uj.ac.za/uj_network_user_code.htm)

Students are urged to familiarize themselves with the contents thereof.

### The Microcomputer Laboratory User Guidelines are guidelines of behaviour intended to alleviate frustration and to save time.

**Microcomputer Laboratory Support Staff:**

- Will manage the venues and monitor computer and Internet use.
- Will assist with functioning of computer hardware and functioning of software on the workstations in the microcomputer laboratories.
- Will restart computers and reassign computers in the absence of users.
- Will confirm identification when needed.
- Will not assist with repairs and maintenance of personal hardware, training of software packages, typing of assignments, preparation and typing of Curriculum Vitae, training in the working and application of Edulink, uploading of lecture notes in Edulink, or submitting of Edulink quizzes.
- Microcomputer General Laboratories and Cyber Centers may be closed for official classes and for maintenance.
- The Laboratory Manager reserves the right to deny access into the Microcomputer Laboratories in the event of the Microcomputer Laboratory User Guidelines not adhered to.
- The Laboratory Manager reserves the right to close the Microcomputer Laboratory in the event of unforeseen circumstances.
- Ignorance of the ICS Campus Network User Code or the Microcomputer Laboratory User Guidelines is no excuse.
There is only one rule at the all Microcomputer Laboratories:

Read the:

Location and Hours of the General Computer Laboratories and Printing Facilities.

Any constructive suggestions, however small, may be directed to the Manager Microcomputer Laboratories at webfeedback@uj.ac.za.

All serious communication addressed only through Student Portal will be replied to.
